## PRESS RELEASE

### Working together, to make a difference...

The OBrien Real Estate Charitable Foundation  
has officially launched.

The foundation was established to reflect OBrien Real Estate's core values of Family, Purpose, Mutuality, Health & Energy and Realising potential. It has already raised over \$110k which will go a long way towards making peoples lives better while living with MND.

The foundation has achieved all of this before its first full season of charitable events and fundraising activities.

They raise funds by holding international experience based awareness campaigns, as well as a range of smaller more regular events that include Golf days, Ladies Days, OBRE weekend community pop-ups, Charity Auctions, Sausage Sizzles among other local community activities.

The OBrien Real Estate Foundation also  
donates \$50 from every property sale.

## PRESS RELEASE

### Working together, to make a difference...

“We are very proud to announce the vision we have to commence our very own OBrien Foundation. The Foundation will be all of us working together to improve the lives of people in our local communities and other causes like MND, Beyond Blue, Local Hospitals, Meals on Wheels among others.

As many of you know I have been very involved with MND Victoria, which I know is a disease that has touched many in this room including myself. A team of 9 of us walked 135km through challenging terrain; we left our comfort zones and embarked a very spiritual and emotional journey. MND’s motto is: “Until there is Cure there is Care”

We’re helping and giving back to the local communities that we love and are a part of.

Giving back is in our blood and our Culture. We love seeing the positive impacts our sponsorships have on our local communities and we believe that giving back is extremely important. Many of our O’Brien members can be seen cheering on at local sports clubs, community events or being involved in many foundations & causes. Now it’s time for our brand to take on the next steps towards creating a better environment for those in need.
